Steps to Take After a Positive Home Covid-19 Test in Your Household

If you, your child, or someone else in your household has tested positive on a rapid home Covid-19 test and you did not use a proctor, please report the result to the Clark County Combined Health District (CCCHD). You may report the positive test result by going to the CCCHD website (CCCHD.com) and clicking the picture on the right hand side of the home page that states "COVID-19 online self-interview" or by scanning the QR code below with your smartphone:

We appreciate your assistance and willingness to work together to provide the students of Clark County with the safest and most valuable education possible this school year.

If you have any questions or concerns or are unable to access the QR code, please call CCCHD at 937-390-5600.
